

Car rally on ice combined with cross cart

Car driving on frozen water is a very special experience. This event is held on a very solidly frozen lake. The activity starts with an educational part where our guides inform about safety and security. We provide a racing-ground and cars. You drive on tracks, which is 2,5 km on the frozen lake.

After this experience you will try the cross carts on the racing-ground. A cross cart is a more secure and modified version of a go-cart. This means it has a roll cage and the driver has a four-point belt. This is a very fun and different activity!

Winter games

Fun yet challenging activities on snow and ice! For example ice-bowling, kick-sled race, team skiing etc. We make fires for the group to gather around and serve hot-dogs and beverage.

Duration: 2 – 3 hours

Sauna On Ice with outdoor hot-tub

Enjoy the sub-arctic night under the stars in our heated outdoor hot-tub. Combined with the hot sauna on the frozen sea-water and the ice-cold waters of the Bothnian gulf makes this an unforgettable experience. Bathing in a hole in the ice is an old Nordic tradition to keep yourself well during our long and cold winters. Do you dare testing it? Towels and snacks in the relax-room.

~ ~ ~

Snow-sculpting

Discover your hidden artistic talents and let creativity and fantasy flow! Snow is a material perfect for sculpting. With a big block of snow the group starts to create their own piece of art. We provide tools to make a sculpture with fine details.

De-frost bar

After the activities the group gathers in a tee-pee or similar where a fire and candles are lit, for the group to gather around and talk through the day's experience. 1 cold + 1 warm beverage is served together with salty snacks.
